

Product Safety Recall

MDI - WORLDS SMALLEST ALARM CLOCK

MDI - Worlds Smallest Alarm Clock

Alarm clock powered by button batteries

Contains 1 x LR44 battery

Item code - WT-WS/AC

Dates sold: 1ST July 2022 to 30th Jan 2024

Why the product is recalled: The product may not comply with the current mandatory safety standard for products containing Button/Coin Batteries. The Button batteries are not adequately secured and may become accessible to young children.

Hazard; There is a risk of serious injury if young children gain access to the button batteries and swallow or place them inside any part of their body.

1. Consumers must stop using the product immediately and keep it out of reach of children. Consumers should return the item to the place of purchase to receive a full refund.
2. Send us an email or phone us if you are unable to return the product or have sold or gifted it to another person

Ask our staff to find out more about the recall.
